

OpenSTEF Technical Steering Committee

Details: openstef-tsc@lists.lfenergy.org | [Home](#)

The Technical Steering Committee (TSC) is responsible for:

1. General ambitions, objectives and goals of this project
2. Guidelines and procedures and tool selection
3. Architectural and (development) infrastructure choices
4. Raise subjects/issues that are important for the direction/development of this project

The Technical Steering Committee consists of the following members:

1. Frank Kreuwel
2. Jan Maarten van Doorn
3. Jonas van den Bogaard
4. David Swinkels
5. Frederik Stoel

Frank Kreuwel will chair the TSC.

Any community member or Contributor can ask that something be reviewed by the TSC by contacting the TSC at korte.termijn.prognoses@alliander.com.
